# Member suggestions

How to stimulate collaborations within the community

- Small-scale member meetings
  - e.g. seminars at other departments or lab tours
- Attract funding to support collaborative projects
  - Consortium proposals of different NVGCT-member groups
  - Proposals by junior members for joined (PhD?) project
    - ≥ 3 postdocs from different institutes per proposal

# Member suggestions

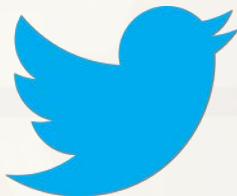

## What to put on the website

- Funding opportunities
- Research news
- Meeting & seminar announcements
- Involvement of more pharma companies
- Job postings
- Updates on relevant publications members
- Blogs/twitter-feed
- Regulatory affairs matters
- Research themes
- Service providers of gene therapy research technology

# Member suggestions

Suggestions to better promote NVGCT

- Social media
- Involve more patient's organizations and companies
- Regular news flow
- Advertise on other websites
- Newsletter on different researchers & thesis defenses
- More exposure on the web
- More/better advertisement for annual meeting
- Up-to-date website
